round- solve selection criteria? identification on financial aid forms, other method (clarification as to forms), more details about bursary policy through Financial Aid (Gabrielle gave more information of FA policy), comment- quorum is had, let's do business,

Straw poll:

concerns- timing needs to be included in the motion, set-up in advance of passing a motion regarding bursaries, "sticky note" on budget, this motion is less necessary than having all the details ready with a

complete motion, hesitant to support a nebulous motion, despite support.

Kailey—BIFRT Gabrielle Sutherland liase with SA to address the concerns raised and bring back information within two weeks. (friendly amendment)

the amount of 2250 sitting as an incentive to get work done

Gabrielle- Motion to amend to add “every academic session” to follow \$2250

(--> talk to financial aid re forms)
