

## 1) Acknowledgment of Territories

## 2) Safer Spaces

## 3) Round of Names

## 4) Announcements

- Daphne Shaed will be doing the TDOR presentation for Esquimalt High on behalf of Camosun Pride but welcomes any UVic Pride members that are available and interested in helping out

- The library TRANS screening group has decided that there isn't enough time for them to include another person onto their panel but still invites us to have a table at their event. They will also assist us in pushing for the Cinecenta washrooms to be converted to gender-inclusive spaces at both their event and our screening of Genderfellator **MAKE DOODLE POLL FOR TABLING/ RESOURCE WORKING GROUP**

- Amnesty International has asked if we'd like to have a table at their "Human Rights Fair" which is a film festival that will take place on a Saturday in January. At this time, no other information has been given but we were told (by them **IT'S TRUE!**) that UVic Pride has participated in the past

- Discussion group proposal! "What would you like Pride to do for you?" Ideally, this would be an on-going weekly discussion about the variety of services that you would either like to see improved upon or introduced to Pride. This can include counselling, advice, documents, ..pretty much anything related to the services offered by Pride! Doodle-poll will be made to find the best time! :)

- A meeting will be held on Tuesday the 20th at 430 pm to draft a poster outlining the new Ally Policy so people can read it as they enter the space! If you'd like to contribute to the design or content, please attend!

-Advo council update: we have \$1500 for Tobi Hill Meyer, reserved advo nights in cinecenta. Advo council has 4 large carafes and creamers, etc for advo group use. Advo council has 2 projectors now, 1 in student affairs office, and one in general office. Social Justice conference with all the advo groups. Anything for besty to bring to the next meeting?

**5) CFUV: Women on Air Interview for Genderfellator Event:** Robyn Spilker from CFUV's Women on Air would like to interview up to 2 collective members about our screening of Genderfellator! She would like to pre-record it so it can be played on both Women on Air and potentially SuperQueer. Interviews would take at most 30 minutes. The time slots for this interview are Friday the 16 from 1:30-4:30, Monday the 19 from 3:00-4:30, and Tuesday from 10-11 am (if we do the tuesday interview it can't be on SuperQueer as it's going on at that time). She would need to know by Friday morning if we are interested.

**-Katie and Ryan will go on Friday from 1:30-2:30**

**6) Open House With Esquimalt High GSA:** The Esquimalt High GSA has requested that we hold an open house for their members to talk about the available services and upcoming events at UVic Pride. We weren't given a strict time slot or anything, but conversation has led to a potential time during exam period, when the office is relatively open. (book button maker, silk screening)

**-the collective would like to do this, and also have PIZZA (budget to come when we have numbers)**

**7) Queerposium Donation:** Should UVic Pride contribute a presentation to Queerposium, and should we offer financial support to their event? (\$400.00 to cover the majority of costs for the bus and the driver for the day)

**-Not comfortable with this**

**-if they are expecting us to foot most of the bill, they could work better with us, although concerned that in having us not giving funding the reason it doesn't happen**

**-Pride should give money to other queer events, but not EVERY queer event, especially those where organizers have demonstrated an unwillingness to not listen to the valid concerns of people experiencing oppression. DO NOT GIVE THEM MONEY.**

**-Pride has denied the request for donation and will write a letter outlining why**

**8) Event With Camosun:** Is anyone interested in building ties with camosun pride and having a fun get-together?

**Suggestions**

**-open house get-together**

**-vegan bbq**

**-all bodies swim (panorama has an accessible waterslide) for whole public!**

**-mixer**

**-craft night**

**-swapping open houses**

**-gayyyyymez night**

**-events and activism to plan this**

**9) Events and activism should look into a community all-bodies swim.**

**10) Last meeting?**

**-suggest that the last collective meeting be on the last week of classes unless more meetings are needed.**

**fin.**
